

DIBYASHREE CHOWDHURY

Business Analyst | 2.5+ Years | Healthcare IT • Fintech/BFSI • Ed-Tech • Automotive
8944878861 | dibyashreechowdhury@gmail.com | linkedin.com/in/dibyashreechowdhury | Hyderabad | Immediate Joiner |
Open to Pan-India Relocation & Remote

PROFESSIONAL SUMMARY

Business Analyst with 2.5+ years of cross-domain experience in Healthcare IT, Fintech/BFSI, Ed-Tech, and Automotive Technology. Proven track record in end-to-end requirements engineering (BRD, FRD, SRS, User Stories), Agile sprint delivery, stakeholder management, and data analytics via SQL and Power BI. Hands-on with REST API validation (Postman), UML modelling, gap analysis, and UAT. Immediate joiner open to pan-India relocation and remote roles.

CORE SKILLS & TECHNOLOGY STACK

BA Documentation: BRD, FRD, SRS, Functional Specifications, User Stories, Epics, Acceptance Criteria, Use Cases, MoSCoW Prioritisation, RTM, Gap Analysis, Feasibility Study

Agile & PM Tools: Scrum, Kanban, JIRA, Confluence, Sprint Planning, Backlog Refinement, Product Roadmap Support, SDLC, Change Management, Stakeholder Management

Data & Analytics: SQL (Joins, Subqueries, CTEs, Data Extraction, Validation), Power BI, DAX, KPI Dashboards, Data Modelling, Advanced Excel, Business Intelligence

Process Analysis: As-Is/To-Be Process Mapping, Business Process Reengineering, Root Cause Analysis, UAT, RTM, CRM Optimisation, Process Optimisation

Tech & Design Tools: Postman (REST API Testing), UML, Figma (Wireframing), Lucidchart, Microsoft Visio, Process Flow & System Diagrams

Domains: Healthcare IT, Fintech / BFSI, Ed-Tech, Automotive Technology, IT Consulting, Clinical Data Management

PROFESSIONAL EXPERIENCE

Business Analyst (Contract) | Hanyaa Auto Technologies | Hyderabad *May 2025 – Sep 2025*
Automotive Workflow Automation | AI/ML-Driven Systems | Agile Delivery

- Authored BRD and Functional Specification documents for automotive workflow automation; defined Acceptance Criteria and secured stakeholder sign-off across the full SDLC lifecycle.
- Validated AI/ML-based reminder REST APIs using Postman and documented NLP-driven workflows — improving model accuracy from 80% to 95% and driving a 30% uplift in user engagement.
- Managed epics and user stories in JIRA with full RTM traceability; facilitated Agile sprint ceremonies, improving cross-functional delivery efficiency by 30%.

Business Analyst (Contract) | NeoG Camp | Remote *Oct 2024 – May 2025*
Ed-Tech Platform | Multi-Currency Payment Gateway | Learner Analytics | Power BI

- Authored BRD/FRD, applied MoSCoW prioritisation, and coordinated UAT for a multi-currency payment gateway (Razorpay, Stripe, PayPal) — increasing payment success rate by 10%.
- Conducted funnel and cohort analysis to identify learner drop-off; drove a 22% improvement in course completion rates and built Power BI dashboards that cut manual reporting effort by 80%.
- Wrote SQL queries (joins, subqueries, aggregations) to validate financial transactions and performed REST API testing via Postman, reducing data mismatches by 25%.

Business Analyst (Contract) | Intellipaath Software Solutions | Remote *Apr 2024 – Oct 2024*
E-Learning Platform | Multi-Product Ecosystem | Agile Delivery | UML

- Authored 15+ use case documents and conducted feasibility studies and BPR across 3 platforms using UML and root cause analysis — reducing requirement ambiguity by 40%.
- Managed product backlog across 6 Agile sprints in JIRA and Confluence, improving team velocity by 20% and achieving 100% on-time sprint delivery.

- Developed As-Is/To-Be process maps in Lucidchart and Microsoft Visio, enabling clear stakeholder communication and cutting approval cycle time by 30%.

Process Executive – Clinical Data Management | Cognizant Technology Solutions | Kolkata *Oct 2022 – Nov 2023*
Healthcare IT | Clinical Trial Data Management | SQL Reporting | GCP Compliance

- Extracted and validated clinical trial datasets using SQL across large structured databases — reducing reporting errors by 20% and data discrepancies by 15% under GCP-compliant standards.
- Collaborated with cross-functional clinical and regulatory teams to maintain data accuracy across trial phases, building the analytical and documentation foundation for a transition into Business Analysis.

KEY PROJECT

- Bank Loan Analysis Dashboard** | Power BI | SQL | DAX | Data Modelling
- Designed an end-to-end loan analysis dashboard using SQL for data extraction and Power BI for visualisation — featuring KPI drill-downs across loan categories, approval rates, and risk segmentation.
 - Improved report usability for the credit review team by 20%; engineered DAX measures and data model relationships supporting dynamic filtering across 5+ dimensions and 10,000+ records.

CERTIFICATIONS

PG Certification in Business Analysis E&ICT Academy, MNIT Jaipur / Intellipaat	2024
Microsoft Certified: Business Analyst Microsoft	In Progress

EDUCATION

MBA in Data Analytics — Manipal University Jaipur	2025 – Present
M.Sc. Human Physiology — University of Calcutta	2020 – 2022
B.Sc. Physiology — University of Calcutta	2017 – 2020

KEY ACHIEVEMENTS

- 15+ BRD, FRD, and Use Case documents authored across Healthcare IT, Fintech, Ed-Tech, and Automotive domains
- Power BI dashboards reduced manual reporting effort by 80%; AI/ML API accuracy improved from 80% to 95%
- 22% course completion rate improvement and 30% cross-team delivery efficiency gain via Agile facilitation
- 100% on-time sprint delivery across 6 Agile sprints; team velocity improved by 20%
- Payment gateway UAT coordination increased payment success rate by 10%; SQL validation cut data mismatches by 25%

ADDITIONAL INFORMATION

Availability: Immediate Joiner | **Location:** Open to Pan-India Relocation (Bengaluru, Mumbai, Pune, Delhi NCR, Chennai, Hyderabad) & Remote | **Work Mode:** Full-time — On-site / Hybrid / Remote
